

**AMEDD Officers additional documents/requirements:**

\_\_\_\_ AN Officers must have a BSN degree (or higher) to be promoted to MAJ after Oct 1986.

\_\_\_\_ Officers must be assigned to a valid vacancy, with no other officer assigned to that position and must be assigned to a position requiring the specialty held by the officer. MS officers (67A-67D AOC only) primary specialty will be shown in SIDPERS by their MFA/AOC (70-73 series), not AOC. 67A-D are duty position AOCs only and will not be utilized as primary AOCs.

\_\_\_\_ All officers that are required to hold a license/certification as a condition of their AOC will have a confirmation memorandum verifying that the officer is credentialed in CCQAS at Ft. Sam Houston, not state level. All MC, DE, SP, or VC officers fall into this category. 73 Series MS officers and 66F/66H8E AN officers also fall into this category. 65D officers are required to hold both a state license and a NCCPA certification. Both must be current and validated. Alternate options are to provide a printout from the state's on-line license verification system that shows the license/certification is current. However, those options do not eliminate the requirement to maintain currency in CCQAS.

\_\_\_\_ 70B MS officers promoted to MAJ must have achieved a new MFA (either by virtue of a Military education Course (70K, 70E), or by award of 70H by NGB-ARS IAW requirements of DA Pam 611-21). 70B MFA is for company grade officers only.
